

HEX LAG SCREWS

FEATURES

- Zinc plated
- Grade 2
- Anti-reversing teeth under the cap washer
- Hex head drive is 7/16"

DESCRIPTION

General purpose hex head lag screws. These are zinc plated grade #2. Suitable for medium density wood penetration.

The LS516X3 lag screw can be used for concrete attachment when used with our available Lag Shields PVLS516 or #1412.

Hardwoods should always be pre-drilled with a pilot hole.
